Happy Spring 2010

What a long winter! We are all happy spring is here. We have been organizing and planning this season and we are ready to get growing in the gardens and as an organization.

This season we hope to focus much of our time with cooking and nutrition. We have all our hosts for this season, and hope to get all the youth with bikes so we can ride together to tend the gardens. The youth have stepped up in leadership roles, and we have created teams that are working well. We also have new youth joining us this season, be looking for them in Meet the Farmer in the upcoming newsletters. New volunteers have come our way and we are so appreciative of all their work and dedication to us.

We are also planning an August trip to Aspen for a weekend. Along with outdoor adventures we will meet with a chef that grows his own garden; this is all thanks to Laura Welch a very committed friend to our cause. Denise

We need volunteers so contact us to see how you can join us!
